

VIETNAM MADE BRAKE DRUMS

PRECISION-CAST AND MACHINED

FEATURES AND BENEFITS

- Engineered and manufactured in Vietnam with Certificate of Origin provided
- Cast and CNC-machined from high-grade G3500 gray iron as per SAE J431 standards
- Strict quality control at every stage of production - from raw material to final inspection
- Tested and certified by U.S.-based third-party laboratories for FMVSS-121 compliance

Precision-drilled
bolt holes for
secure fitment

LINK FMVSS 121 CERTIFIED

Custom cast-in
lettering for
brand or batch
identification

Protective
coating to
resist rust
and
corrosion

Dynamically
machine-balanced
by precision milling
